Functional Films for Advertising and Vehicle Solutions

LG Hausys offers the complete range of printing solutions in order to fulfill various needs with regards to service and quality. Our range varies from printing film and lamination for different applications to functional films like self-cleaning and anti-graffiti laminates. Vehicle film and windeco range are specially designed to give your space a unique finish. We keep evolving every day to meet your highest demands.

## GRAPHIC SOLUTIONS

### General Graphics

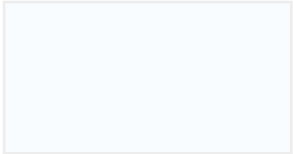

- Excellent printing performance (Solvent, Latex, UV Inkjet)
- Dimensional stability and performance under wide range of physical and climatic conditions
- High weather resistance

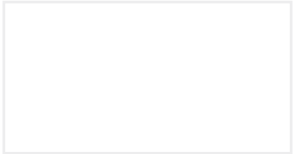

LD3911

LP3912

LD2810

LP2812

### Super Opacity

- Super Opacity with clear adhesive ( $Tt < 5$ )

Grey Back

Clear Back

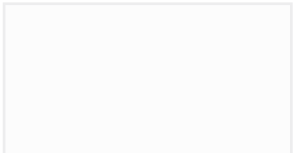

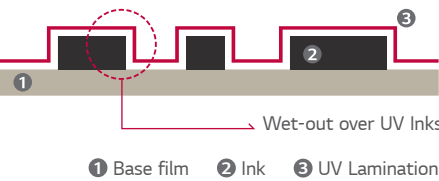

LD3900

LD2900

### UV Print Lamination

- Specially designed to immediately wet-out over UV Inks

LP3922

LP2822

### Anti Graffiti Lamination

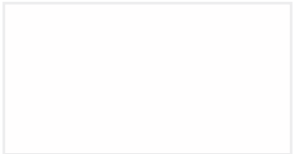

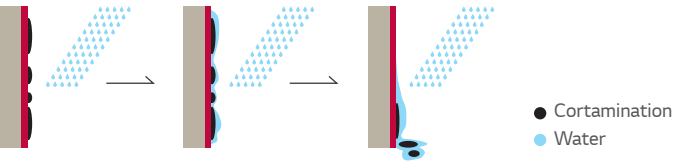

- Premium overlaminate casting film which is coated with PVDF.
- Anti graffiti performance for 3D applications
- Excellent chemical, scratch, stain resistance

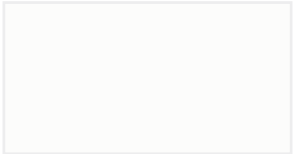

LFC80990

### Self Cleaning Lamination

- Premium overlaminate casting film which is coated with self cleaning layer
- Minimizing contaminants adhesion
- Self cleaning functions (water cut the contaminations off and them to be washed away)

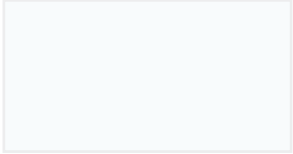

LCS90SC

LPT90SC

### Self Healing Lamination

- Self Healing performance in room temperature

LP3932

Slidable  
DPM

- Digitally printable film for Vehicle advertising
- Superior durability and printability
- Easy application with slidable adhesive

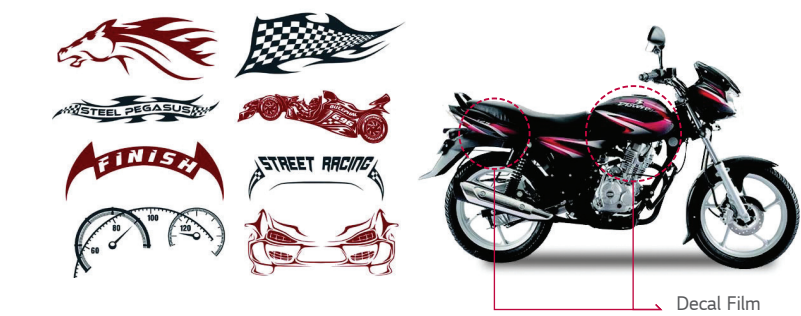

LD92HT

LD39HT

LD59HT

Auto Decal

- Vehicle decal stickers
- High chemical resistance
- Super-flat liner for silk screen printing

AC380TG

AW391HM

V-Guard

Vehicle Protection Film

LG Hausys V-Guard Film is a highly conformable cast PVC film for protection of car exteriors with a superb transparency and gloss finish

1. Excellent Finish
- Ultra clarity and high gloss surfaces

2. Easy Handling
- 95 $\mu$ m dual cast film provides easy stretching and positioning

3. Outstanding Performance
- G2 : Self-healing performance in room temperature
- G1 : Scratch recovery with heat gun

TPH88000S (G2)

VWP89000S (G1)

V-Wrap

Colored Wrapping Film

LG Hausys V-Wrap Film designed for full vehicle wraps with a premium quality and unique finishes will bring personality to your car.

1. Excellent Finish
- Various colors with a high gloss, satin or matte finish will give your car a distinctive look
2. Easy Handling
- 90~100 $\mu$ m dual cast film provides easy stretching and positioning
3. Easy Installations
- Slidable and repositionable pressure sensitive adhesive with air free channels will save your time and keep the quality of the look

VWC100G

VWC120G

# SPECIAL SOLUTIONS

## Wall Graphics

- Specially designed for wall advertising
- Excellent dimensional stability and image quality after application
- Outdoor(Ultra-tack adhesive) : Smooth concrete, Brick-type wall patterned tile, etc
- Indoor : Indoor wall advertising display, Column, etc

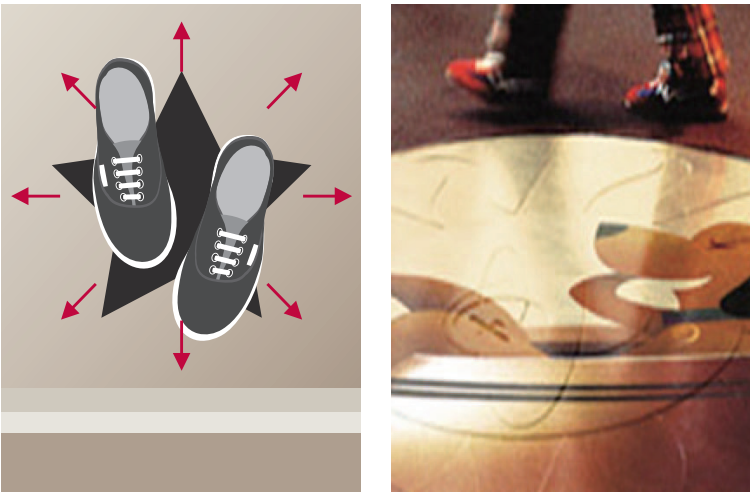

LD3880

LW38ATM

## Floor Graphics

- Indoor floor advertising
- Optimal protection with non-slip embossed finish
- Long-lasting durability

LM40000

LM41000

## Backlit Graphics

- White Translucent Matte calendered PVC film
- Specially designed for backlit advertising

LD4910M

## Window Graphics

### Clear View

- Optically clear film for window graphic with ultra clarity
- Solvent, latex, UV printable
- Easy application with removable adhesive

LP3962G

LW004PG

### Vivid Vision

- Specially designd Backlit film (maximized Light Diffusion Effect)
- Brighter image with strong visibility

Vivid Vision Application

White DPM / Poster

LW024PM

LW014PM

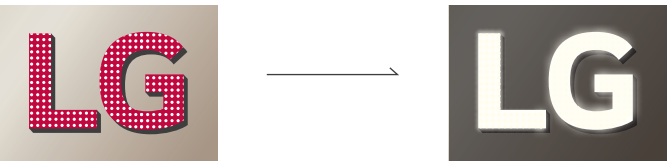

### One-way Vision

LM50000

- 50% perforated for window graphic
- Outstanding see-through effect

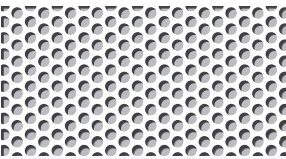

LM5300W

- 30% perforated for channel sign solutions
- Dual color effect : Day (Original color) / Night (White by lighting)

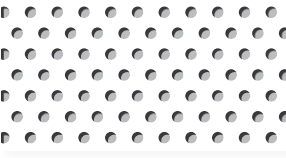

Day (Original color)

Night (White by lighting)

LM50000

LM5300W

ART  
Canvas

LG Hausys’ ART Canvas is a versatile product made of PET materials in classy designs ideal for diverse spaces for relaxation, living, and work.

1. Anti-Scattering

- Test Method : JIS A 5759
- Anti-scattering function prevents the secondary accident caused by pieces of broken glass in the event of sudden glass breakage

2. UV-Cut

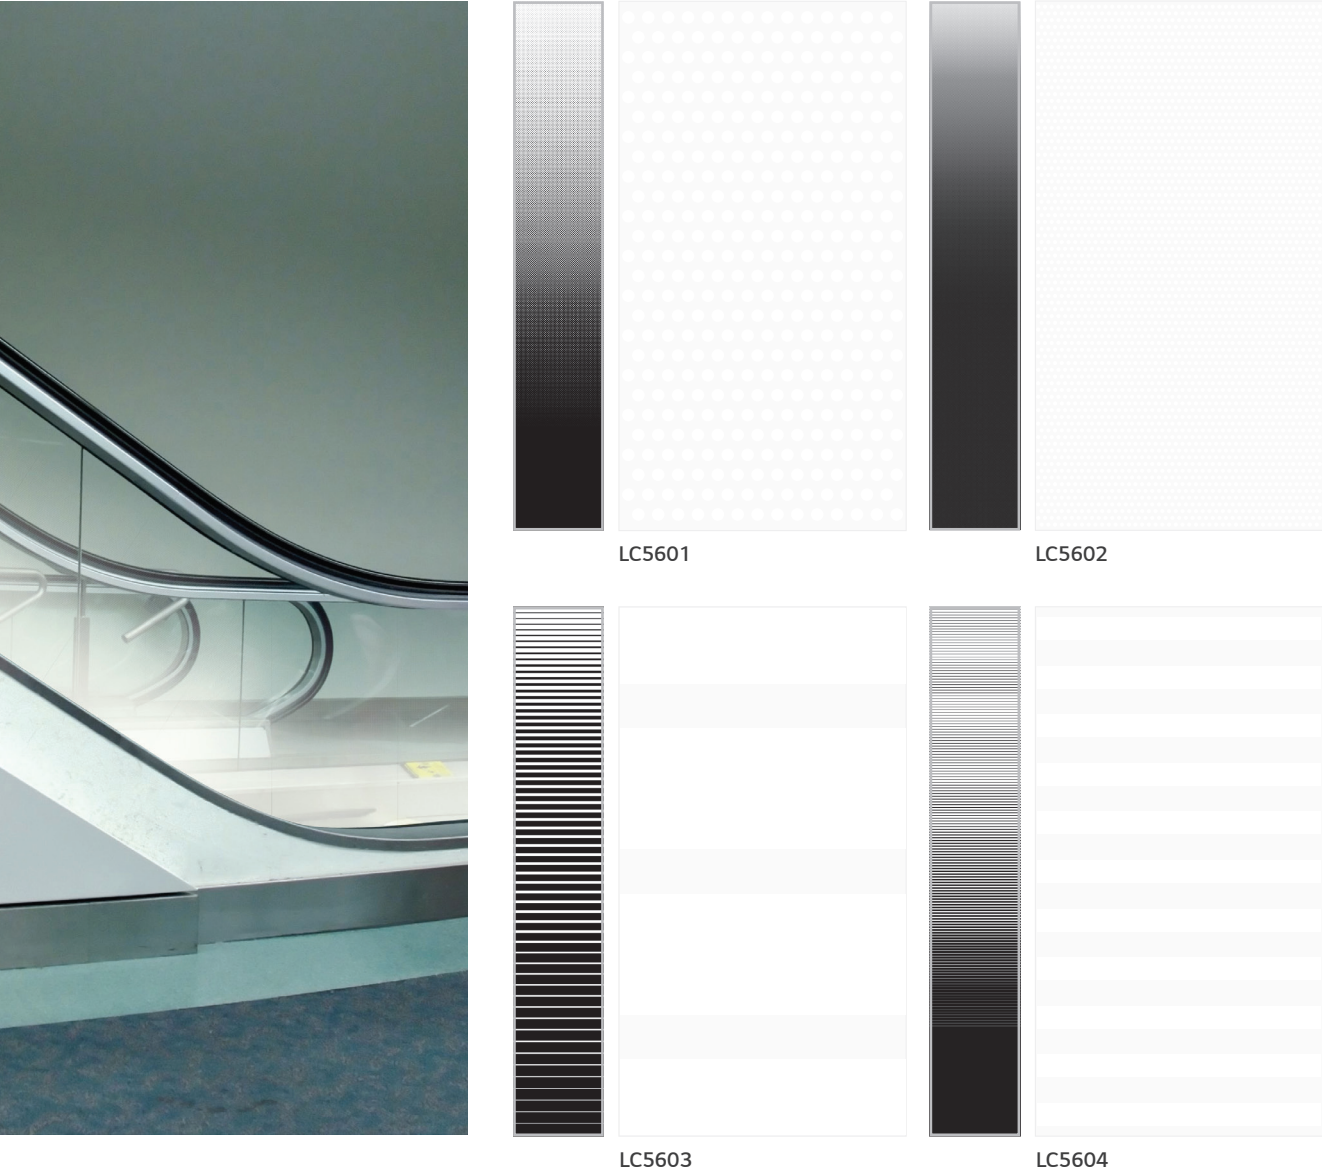

- UV blocking ratio > 99% blocks
- harmful UV rays from daily life and prevents pigmentation, freckles, and skin aging

3. Scratch Resistance

- Surface strength has been improved through surface hard coating (Scratch hardness>2H)
- Contaminant resistant is outstanding  
(No strain remained after alcohol cleaning of contaminantby oily marker that was neglected for 1 day)

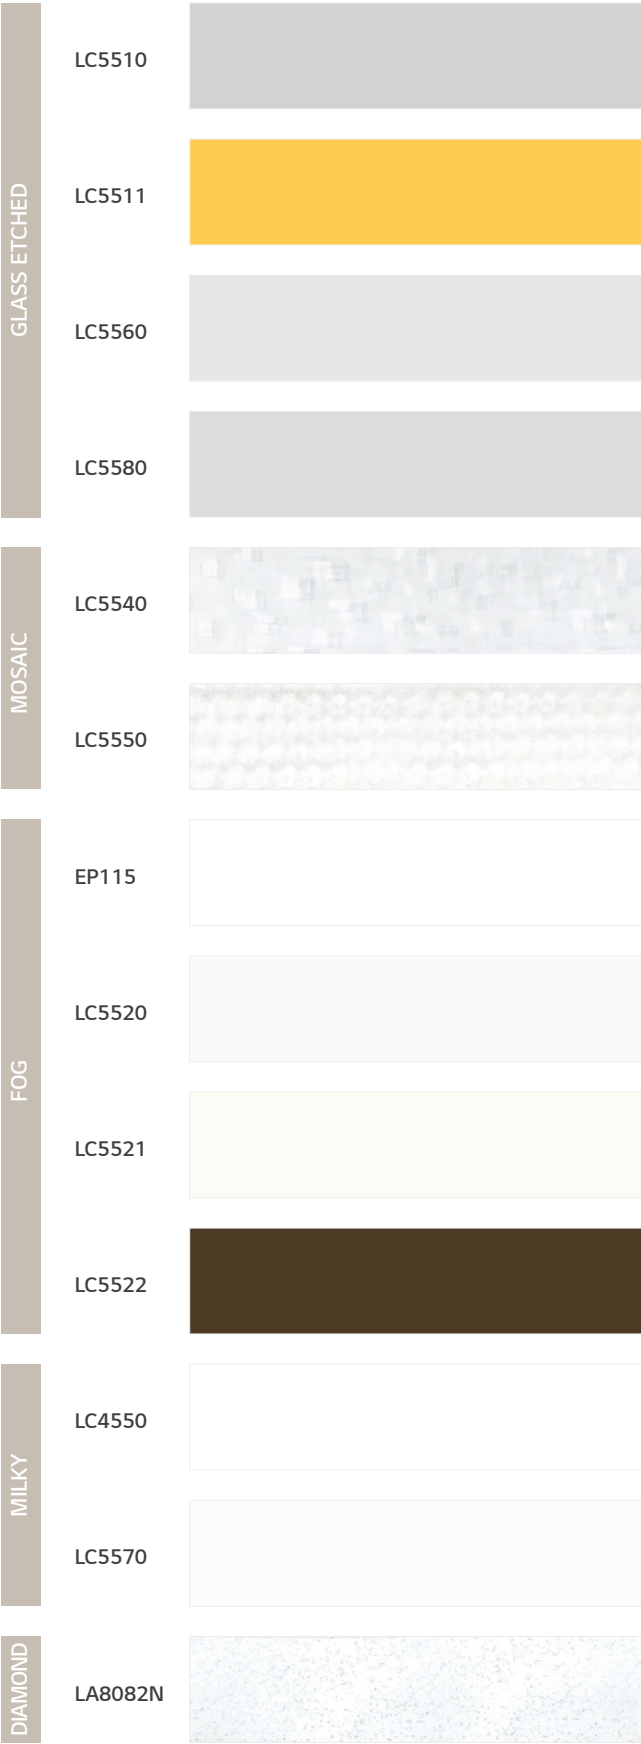

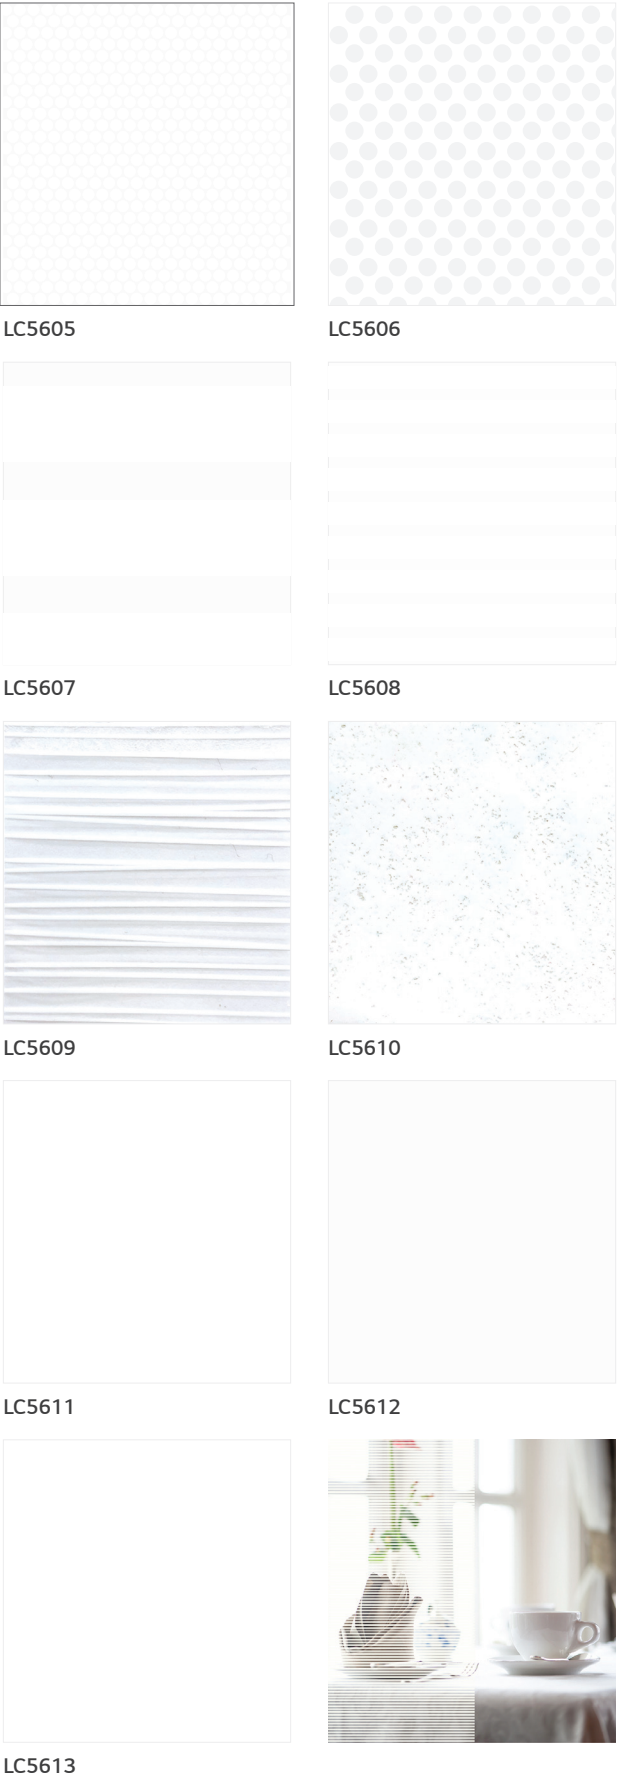

4. Privacy Protection

- Blocking view from outside to protect personal privacy

Windeco

LG Hausys’ Windeco Film is a PVC-based graphic film characterized by its pearl finishes and embossed patterns.
