

Durability guide of LG Hausys Graphic Films

▪ Scope

This durability guide describes the conditions and circumstances that would impact the warranty on LG Hausys Graphic Films . See the applicable product data sheet for specific warranty information.

▪ Definitions of Exposure Conditions

The durability will be reduced if the product is exposed other than vertical.
See the below pictures of exposure.

The definition of vertical exposure is $\pm 10^\circ$ of vertical ; a non-vertical exposure is an application is where a film is applied to a surface that is 10-60° from vertical. The reduction of warranty for non-vertical applications is 40% less than the published vertical warranty for a specific product. If the face of the graphics is less than 30° from horizontal, In this case, warranty period is reduced to 30%.

▪ Durability Period

Exposure to	Durability period		Examples (5 years product, Zone 1&2)
	Zone 1 & 2	Zone 3	
Vertical	100%	50%	5 years \times 100% = 5 years
Non-Vertical	60%	30%	5 years \times 60% = 3 years
Horizontal	30%	15%	5 years \times 30% = 1.5 years

Durability period of Zone 1 & 2 is same.
Durability period of Zone 3 is reduced to 50% of Zone 1 & 2.
